Overview

What solutions does Jauch offer?

Jauch provides complete solutions for your battery system according to your requirements. Standard cells and customized packs, from simple cells to intelligent battery packs for the most demanding applications. Individual Solutions We take care of special requests for design-in as well as all relevant safety aspects.

Where are Jauch batteries made?

Manufacturing in Villingen-Schwenningen Jauch production in Villingen-Schwenningen: Customized battery packs for medical or safety technology or the automotive industry, for example, where special requirements often have to be met, are manufactured here in ESD-protected rooms.

Why should you choose Jauch frequency control products and battery solutions?

Customers from various industries have been relying on Jauch frequency control products and battery solutions for decades. Benefit from our experience and product know-how: during design-in, during the analysis of your oscillator circuit and, of course, during the search for the right battery solution. We are happy to help!
