A One-stop-shop philosophy

MAKEEN Energy's gas equipment division is our

customers' go-to place for all the bits and pieces that are required to use gas safely and efficiently in a commercial setting. We can supply all the necessary components for storage, transportation, and handling of gas - whether a simple set of valves or a complex configuration tailored to specific

Who is MAKEEN Energy?

At MAKEEN Energy, we are determined to play an active role in the transformation of the energy market, and this is why we develop responsible energy solutions that make a difference to people and planet.

Our business segments

MAKEEN Energy is a world-leading house of energy. Our portfolio includes equipment, customer support, spare parts, facility management, engineering and project management for everything from liquefied petroleum gas (LPG) filling facilities and liquefied natural gas/biogas (LNG/LBG) bunkering solutions to facilities that convert plastic waste into a resource.

Nicolas Ngon Kemoum

There's a lot of opportunities once you're in, and when you understand what you're doing it's very fulfilling. Coming as an intern or trainee, you have very little professional experience. MAKEEN Energy is a really good option in terms of training and enhancing your skills. For a young professional, it's really a good opportunity.

Home Energy Storage (Stackable system)

Product Introduction

- Scalable from 10kWh to 50kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem
- LFP battery safest and long cycle life
- Stackable design for easy installation
- Capable of High-Powered Emergency Backup and Off-Grid Function
