Overview

What is Ethiopia's National Adaptation Plan (NAP)?

Ethiopian government plans to move action on climate change adaptation forward by developing and implementing this National Adaptation Plan (NAP), in an effort to bring about transformational change in the country's capacity to address the impacts of climate change.

What does nap ETH stand for?

NAP-ETH VISION The Ethiopia NAP (NAP-ETH) vision is to create climate change impact resilient development for Ethiopia and its people. 2.1.2.

How often should a nap review be carried out in Ethiopia?

A review must be carried out every five years in order to maximize the gains for sustainable development in Ethiopia, regardless of the changes made in relation to implementation of the NAP.

Does Ethiopia have a national M&E system?

A national M&E system is in place to track implementation of Ethiopia's five-year development plan, GTP II (2015/2016 to 2019/2020) including the CRGE goal and output.

What is a National Adaptation Programme (NAP)?

The Framework recommended that countries formulate a NAP as a means of identifying medium and long-term adaptation needs and strategies, and mandate institutional responsibility for the effective implementation of NAP strategies and programs to address those needs. 2Ethiopia's Programme of Adaptation to Climate Change. Ministry of Environment.

What is nap-ETH?

The Ethiopia NAP (NAP-ETH) vision is to create climate change impact resilient

development for Ethiopia and its people. 2.1.2. SCOPE OF NAP-ETH The scope of NAP-ETH embraces development and service sectors with particular reference to agriculture, forestry, water, energy, transport, urban, industry, health and education. 2.1.3. PURPOSE OF NAP-ETH
