### Solar home systems in Ethiopia: Sustainability challenges and policy

The rate of access to electricity in sub-Saharan Africa (SSA) is just 42 %. The private market for household-scale off-grid solar (OGS) products (pico solar and solar home systems) is regarded as a key tool for increasing electricity access in SSA. However, the growing volume of unabated waste from OGS products poses a significant environmental

### Ethiopian Stand-Alone Solar Standards: Guidance for Adoption ...

The Ethiopian market for Stand-Alone Solar (SAS) products is now at a level of maturity that warrants increased compliance measures to protect consumers, promote continued market growth and improve energy access for Ethiopians. (QA) framework for stand-alone solar (SAS) products in Ethiopia. In the context of this document, products are

### Meseret Mare Gebre - Solar Importer - Solar Importer
