

European Solar Energy Storage

Exergy group Tunisia

Overview

Who is exergy?

Exergy is a leading specialist recruitment consultancy dedicated to the diverse and challenging Global Energy and Infrastructure markets. Investing time and energy in understanding both the industry and our clients' businesses has given us a competitive advantage in staffing challenging, technical projects across the varied MEA region.

Why should I use exergy?

more efficient and sustainable?

* I authorize the processing of the data entered according to the purposes indicated in the Privacy Policy. Exergy supplies clean technologies and ORC systems for geothermal, CSP, biomass and waste heat recovery applications.

Why should you choose Exergy as a MENA based business?

As a MENA based business we truly understand the importance of the water industry. At a time of increased global need there is a clear talent gap in this sector. Exergy have worked hard to cultivate a global network of experienced water specialists to enable us to support projects across desalination, waste water, sewage and pipelines.
