Faroe Islands tricon energy istanbul

What is the Faroe Islands' plan for becoming carbon neutral?

The Faroe Islands, like all other countries in this part of the world, are undergoing a green transition in energy production and energy use. Formally, the process began with a unanimous decision in the Faroese parliament in 2009, which committed the future governors to an energy policy that by 2020 would reduce total CO2-emissions by 20%
