The Bahamas, with an average of 350 sunny days per year, offers a prime opportunity for solar energy. For entrepreneurs and investors, however, harnessing this power means facing a significant logistical challenge: importing the necessary components. The journey from a manufacturer to a project.

What is LZY's mobile solar container?

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations. Unlike standard solar panel containers, LZY's mobile unit features a retractable solar panel.

Bahamas customs duty rates for the year 2025-2026 are between 0% and 220%. The average rate of duty is 5% to 35%. In addition to the duty rate, VAT, environmental levies, and processing fees should also be considered to determine import costs. The customs processing fee is 1% with a minimum of \$10.
