Innergex brings online 9MW/9MWh first standalone

Utility Hydro-Québec, which has the provincial government of Quebec as its main shareholder, launched EVLO in late 2020 to capitalise on opportunities in the growing energy storage market. EVLO Energy Storage, to give its full name, designs and makes battery systems based on lithium iron phosphate (LFP) cells.

BESS to help Chile reduce its soaring renewable curtailment

ACERA's Ana Lia Rojas opening the two-day event. Image: Solar Media. Battery energy storage systems (BESS) will play an important role in reducing curtailment issues Chile has been facing in 2024, keynote speakers said at the third edition of Solar Media's Energy Storage Summit Latin America 2024 today.. The two-day event kicked off today (15 October) ...

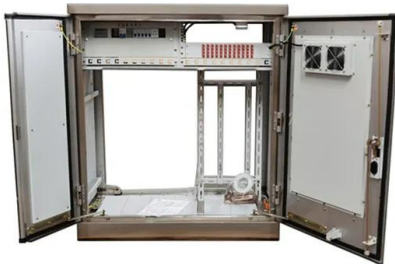

Cost, shipping, energy density drive move to 5MWh BESS standard

System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in the state. Habitat Energy to optimise the Australian Capital Territory's largest BESS. December 11, 2024. Southern California Edison seeks regulatory approval for 620MW of BESS resource adequacy.

California PUC authorises centralised procurement

The plan, as reported by Energy-Storage.news in July, is based on an initial need determination made by the CPUC, which found that up to 10.6GW of long-lead-time (LLT) clean energy resources should be procured by 2037 in support of California's 2045 decarbonisation goal.. This would include up to 7.6GW of offshore wind and up to 1GW of ...

Dominion Energy Virginia IRP includes 4.5GW energy storage

System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in the state. Southern California Edison seeks regulatory approval for 620MW of BESS resource adequacy. December 10, 2024. Investor-owned utility (IOU) Southern California Edison (SCE) is seeking

Large-scale BESS product launches from Powin

Battery energy storage system (BESS) products suitable for utility and large industrial applications have been launched by Powin Energy and Hydro-Quebec subsidiary EVLO. (BMS) to EVLO's energy storage product line. A resell agreement is also in place so that Nuvation can market and sell EVLO solutions. Nuvation's BMS is designed for

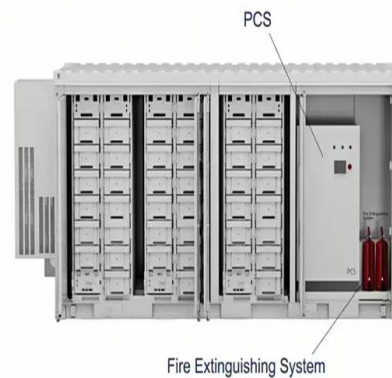

Energy Vault to supply 1GWh BESS for Enervest in Australia

Energy storage integrator Energy Vault has inked a new partnership with Enervest Group to supply a 1GWh battery energy storage system (BESS) in New South Wales, Australia. The BESS will be deployed at Stoney Creek, to the west of Port Macquarie, and provide grid reliability services to the National Electricity Market (NEM), facilitating the

Boralex closes financing for Canada's largest BESS

4 ???· Prior to these plan submissions, Hydro-Québec subsidiary EVLO Energy Storage was selected to provide 4-hour duration battery storage solutions to three projects in Ontario, including the Hagersville contract. EVLO recently announced the successful delivery of the company's first California, US project, a 12.8MW/64MWh BESS.

EVLO DELIVERS ITS FIRST BATTERY ENERGY STORAGE SYSTEM ...

Multi-Purpose Storage Solution to Drive Grid Reliability and Solar Integration for Southern California CCA. MONTRÉAL, Dec. 10, 2024 /PRNewswire/ - EVLO Energy Storage Inc. (EVLO), a fully

Fire at battery storage facility in California triggers evacuation

System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in

the state. US solar and storage project progress for Pine Gate, Avantus, Arevon in Western states. December 12, 2024.

Energy Storage Awards 2024: Submission Deadline Extended

Organised by Solar Media, the publisher of Energy-Storage.News and the host of the Energy Storage Summit series, the awards aim to recognise the innovation, dedication, and pioneering spirit that drive the industry forward.. Since its inception in 2014, Energy-Storage.News has been at the forefront of documenting and supporting the rapid growth of the energy ...

Second life energy storage system using Honda EV batteries online

System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in the state. US solar and storage project progress for Pine Gate, Avantus, Arevon in Western states Investor-owned utility (IOU) Southern California Edison (SCE) is seeking regulatory approval of

EVLO DELIVERS ITS FIRST BATTERY ENERGY STORAGE SYSTEM ...

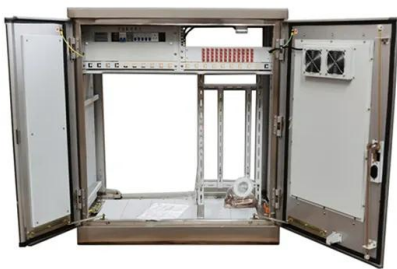

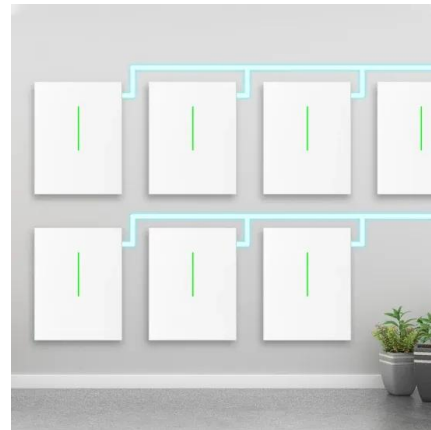

MONTRÉAL, Dec. 10, 2024 /PRNewswire/ - EVLO

Energy Storage Inc. (EVLO), a fully integrated battery energy storage systems (BESS) provider and wholly owned subsidiary of Hydro-Québec, is pleased

EDP and Dominion Energy sign deal for 340MWh BESS in Virginia

In July 2024, Energy-Storage.news reported that EDPR NA had inaugurated the 200MW/40MW Scarlet I solar-plus-storage project in Fresno County, California. The project's solar and energy storage capacity is contracted under two power purchase agreements (PPAs) with local Californian electricity suppliers: Ava Community Energy for 100MW of solar

Utility Hydro-Québec launches battery storage

Hydro-Québec's new subsidiary EVLO designs, sells and operates modular lithium iron phosphate (LFP) battery storage systems, which have been tested on the parent company's own grid network. Canadian public utility company and transmission system operator Hydro-Québec has launched a battery energy storage subsidiary as well as

Lightshift and MN8 raise US\$425 million for energy ...

Lightshift said it has 20 battery energy storage

system (BESS) projects contracted to-date and a total pipeline of over 4,000MW. System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS ...

RWE purchase EnerVenue metal-hydrogen batteries

RWE has purchased EnerVenue metal-hydrogen Energy Storage Vessels (ESVs) for a renewable energy storage pilot project in the US. The pilot project was announced 3 December and will be conducted at the US arm of German utility RWE's Milwaukee-area testing facility, which is currently cycling the ESVs to examine their performance characteristics.

Japan: 1.67GW of energy storage wins in capacity auction

Over a gigawatt of bids from battery storage project developers have been successful in the first-ever competitive auctions for low-carbon energy capacity held in Japan. A total 1.67GW of projects won contracts, including 32 battery energy storage system (BESS) totalling 1.1GW and three pumped hydro energy storage (PHES) projects totalling 577MW.

Lightshift and MN8 raise US\$425 million for energy storage activity

Lightshift said it has 20 battery energy storage system (BESS) projects contracted to-date and a total pipeline of over 4,000MW. System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in the state. Southern California Edison seeks regulatory approval for

Eku Energy reaches financial close on 500MWh BESS in ACT

Battery energy storage developer Eku Energy has reached a financial close for 250MW/500MWh battery energy storage system (BESS) in Canberra, the Australian Capital Territory (ACT). The 2-hour duration Williamsdale BESS will utilise Tesla Megapack BESS units and connect to the Evoenergy electricity distribution network. It will be registered to

Hydro-Quebec's new battery unit lands storage project ...

EVLO has signed a memorandum of understanding (MoU) with compatriot Innergex Renewable Energy Inc (TSE:INE) to deliver a 9-MWh storage system for the Tonnerre project in France, Hydro-Quebec said ...

Rept Battero opens N America office, launches 6MWh+ BESS

At the show, considered North America's biggest event of its type with more than 50,000 visitors at the 2024 edition, Rept Battero showcased a new large format 564Ah battery cell and a 20-foot containerised battery energy storage

system (BESS) solution claimed to enable more than 6MWh of installed capacity on the DC side.

Innergex brings online 9MW/9MWh first standalone

Renewables developer Innergex has completed a battery energy storage system (BESS) project in France, using a BESS solution designed by a subsidiary of utility Hydro-Québec. Full commissioning has taken place of ...

EVLO 'prioritising BESS safety and quality' ahead of energy density

EVLO now has 20 projects deployed, being built or contracted in the US, Canada, France and an island in the Pacific, totalling around 525MWh, Anne Vincent, marketing director told Energy-Storage.news while at the Energy Storage Summit USA 2024 in Austin last week.. Her colleague Jonathan Levesque, head of production innovation and technology ...

'Evolving market demand': Hydro-Quebec 5MWh BESS launch

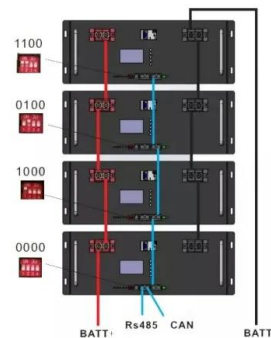

The firm's EVLO SYNERGY product. Image: EVLO Energy. EVLO Energy, the battery energy storage

system (BESS) integrator arm of Canadian utility Hydro-Québec, has launched a 20-foot 5MWh product. EVLO has launched the EVLO SYNERGY, a lithium iron phosphate (LFP) BESS unit which puts 5MWh of energy storage capacity per 20-foot ...

Hydro-Québec's EVLO to build its first US battery storage system

System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in the state. Habitat Energy to optimise the Australian Capital Territory's largest BESS. December 11, 2024. Southern California Edison seeks regulatory approval for 620MW of BESS resource adequacy.

Gore Street gets US\$80 million financing increase for California ...

London Stock Exchange-listed Gore Street Energy Storage Fund (GSF) has secured a US\$80 million increase in debt facilities for its battery storage projects. The fund, overseen by renewable energy equity investor Gore Street Capital, has upsized two existing facilities with lenders First Citizens Bank and Banco Santander, it said in a regulatory

EVLO announces delivery of 12MW/64MWh first California BESS

Energy-Storage.news spoke with a representative for EVLO who verified that the EVLO 1000 units are separate storage solutions from both EVLOFLEX and EVLO SYNERGY, its latest-generation products. While the company's website does not contain details about the EVLO 1000, a 2021 announcement from Hydro-Québec states that "EVLO 1000 is a 1-MWh

Fire at battery storage facility in California triggers ...

System integrator EVLO Energy Storage (EVLO) has completed delivery of the BESS units for a 12MW/64MWh California BESS project, its first in the state. US solar and storage project progress for Pine Gate, Avantus, ...

California gas peaker plants to get battery

Energy-Storage.news' publisher Solar Media will host the 5th Energy Storage Summit USA, 28-29 March 2023 in Austin, Texas. Featuring a packed programme of panels, presentations and fireside chats from industry leaders focusing on accelerating the market for energy storage across the country. For more information, go to the website.
