## French Southern Territories - ClassX

The French Southern Territories are largely uninhabited, with the exception of scientific personnel and military personnel. The population varies from 150 to 310 people throughout the year, depending on the research activities. There are no permanent residents, and the people who do live there temporarily are mostly French scientists, engineers

the North. If that were the case, Korra's dad wouldn't be chief of the southern tribe in addition to his old title in the North. If mass immigration were that big, you'd expect a different relationship between Korra's dad and her uncle and the people.
