### Engine & Battery , GAC Global

Engine& Battery AEP 3.0 The latest generation of exclusive high-end electric platform Supercar level Electric drive technology Track-level Rear-wheel drive control

### **GAC Official Site , Where Craft Meets Technology , GAC Global**

GAC Group has developed AEP 3.0 electric platform, Magazine Battery 2.0, L4 autonomous driving system, and Smart Ecological Factory, and is striving to become a world-class automobile company trusted by customers, cherished by employees, and expected by society.

Energy storage(KWh)

**102.4kWh**

Nominal voltage(Vdc)

**512V**

Outdoor All-in-one ESS cabinet

### GAC Group news

The battery uses a 100% solid-state electrolyte and features ultra-high energy density, robust intrinsic safety (primarily at the cell level), and an extensive temperature range for operation.

### **GAC Group's All-Solid-State Batteries are Expected to ...**

It has three core advantages of ultra-high energy density, ultra-high safety and large-capacity all-solid-state battery cells, and is expected to be installed on Hyper models in 2026.

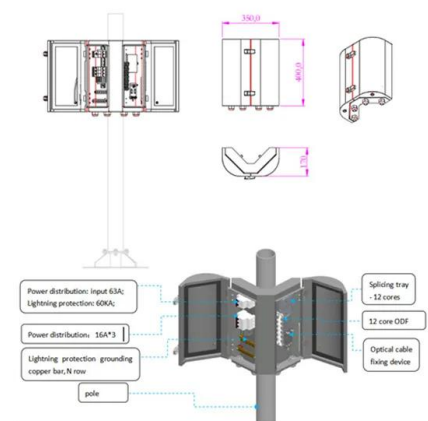

## CATL GAC Power Battery Project Was Fully Roofed

On December 28, the main factory building of CATL GAC Power Battery Co., Ltd. was fully roofed, marking the phased achievement of strategic layout of core components and parts of new energy automobile industry chain of GAC Group.

## GAC Group launches all-solid-state battery tech, to be applied in ...

The battery uses a 100% solid-state electrolyte and features ultra-high energy density, robust intrinsic safety (primarily at the cell level), and an extensive temperature range for operation.

## GAC Group Intends to Build Self-Owned Battery Subsidiary

It will focus on producing cells, modules, and PACK systems for GBT's XFC (eXtreme Fast Charging) power batteries and other advanced energy storage equipment.

## GAC Group's All-Solid-State Batteries are Expected to be

It has three core advantages of ultra-high energy density, ultra-high safety and large-capacity all-solid-state battery cells, and is expected to be installed on Hyper models in 2026.

## GAC Energy Residential Lithium Battery System Energy Storage ...

Established in 2022, GAE Energy is the strategic deployment of GAC Group in the context of the clean energy revolution and electrification. As the JV of GAC group (55%) and GAC AION (45%), GAC Energy was founded with a registered capital of 1 billion RMB.

## GAC Official Site , Where Craft Meets Technology

GAC Group has developed AEP 3.0 electric platform, Magazine Battery 2.0, L4 autonomous driving system, and Smart Ecological Factory, and is striving to become a world-class automobile company trusted by customers, cherished ...

## GAC Energy Residential Lithium Battery System ...

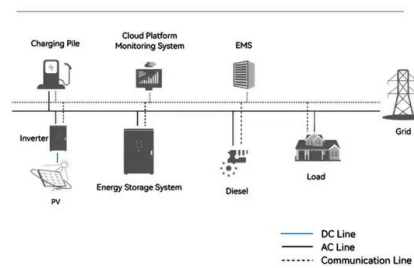

Established in 2022, GAE Energy is the strategic deployment of GAC Group in the context of the clean energy revolution and electrification. As ...

## Guangzhou Automobile (GAC) Group Announces Solid-State Battery ...

Bitauto News, November 8th: Guangzhou Automobile Group announced yesterday on their interactive platform that their solid-state battery research results were released in April 2024, and they have initially completed the entire manufacturing process.
