### GNB Industrial Power Unveils LiftForce LPX 2.0 at ...

The LiFFFORCE LPX 2.0 provides increased cycle life and lower maintenance requirements for Class I, II, and III forklifts as well as Automated Guided Vehicles (AGVs) and other demanding applications relative to conventional lead batteries.

### INDUSTRIAL BATTERIES / MOTIVE POWER

Industrial markets - under the division GNB Industrial Power - include efficient energy storage solutions for motive power applications such as lift trucks, cleaning machines and other commercial electrical vehicles, and network power applications such as telecommunications systems, renewables, and uninterruptible power supply (UPS).

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

### Stryten Energy M-Series F100 Batteries

M-Series F100 is a new and improved version of the economical conventional charge battery you've come to depend on for your light-to-medium duty applications. Alpine Power Systems is a proud partner of Stryten Energy (previously GNB Industrial Power). The Marathon Classic is now the M-Series F100. Features & Benefits Long-Term Power.

## GNB\_MP\_Overview

TENSOR XGEL AND SONNENSCHNEIN HIGH PERFORMANCE AND ZERO MAINTENANCE  
 TENSOR xGEL With the expertise of SONNENSCHNEIN gel and TENSOR technology, GNB® Industrial Power is in an excellent position to create something new which meets the demands of the market: A zero maintenance battery offering high performance - TENSOR xGEL. ed ...

## **Industrial Batteries / Network Power Sonnenschein A600**

GNB® Industrial Power offers reliable energy storage solutions for critical systems requiring uninterrupted power supply. With a comprehensive product range based on state-of-the-art technologies, GNB delivers the right battery for every application. Powerful product brands > VRLA batteries (Valve Regulated Lead Acid) in which the electrolyte

## **GNB Network Power Batteries for Critical Operations**

GNB Industrial Power, a division of Exide Technologies, is a global leader in network power applications including communication/data

networks, UPS systems for computers and control systems, electrical power generation and distribution systems, as well as a wide range of other industrial standby power applications. Its Total Battery

## VALVE REGULATED, LEAD ACID SINGLE CELL BATTERIES

SECTION 93.10 2010-12 GNB Industrial Power, a division of Exide Technologies, is a global leader in network power applications including

## Industrial Batteries / Network Power

Network Power > Product overview Industrial Batteries The powerful range of Network Power 2 GNB® Industrial Power offers reliable energy storage solutions for critical systems requiring uninterrupted power supply. With a comprehensive product range based on state-of-the-art technologies, GNB delivers the right battery for every application.

## GNB Battery And Charging

We proudly represent GNB Industrial Power. GNB is a leading developer and manufacturer of battery and charging systems for motive power applications in industrial and commercial markets including material handling. Call (888) 383 ...

## Industrial Batteries / Motive Power

For Battery XTraction Service Support call 08000 321345 GNB Industrial Power will provide you with the ideal solution for all your battery changing needs giving you the competitive advantage. The very best in battery power management from the market leader > Safer handling > Higher productivity from lower operating and maintenance costs

## About GNB

GNB Industrial Power, a division of Exide Technologies is a global provider of stored electrical energy solutions--batteries and associated equipment and services for industrial markets. With over 129 years of industry experience and ...

## INDUSTRIAL BATTERIES / MOTIVE POWER

technology batteries for most Motive Power applications. Sonnenschein was established in 1910 and under this brand, the famous dryfi t® technology was invented. The TENSOR brand stands for the innovative high-power battery made by GNB ® Industrial Power. Based on many years of experience with the CSM

technology for submarine batteries and

## Industrial Batteries / Motive Power

Motive Power > 2100 Chargers > 2100 HP & 2100 HP High Output 4 2100 HP & 2100 HP High Output The Versatile All-rounder (24V to 80V and 20A to 300A) > Efficiency optimisation: > GNB's unique charger profiles and the dv/dt charging time termination avoid any risk of under or over charge, therefore optimising battery usage and life

## **GNB Industrial Power Batteries & Chargers**

Learn about GNB Industrial Power batteries, including tubular lead acid & flat plate batteries, and chargers for all forklift battery types.

## GNB Industrial Power Unveils Lithium Battery 2.0

GNB Industrial Power, a division of Exide Technologies, LLC, announced the launch of a new lithium-ion battery that takes motive power battery performance to the next level. The GNB LiFTFORCE LPX 2.0 has greater energy density, improved integration and communication capabilities and a wider application range.

## GNB Batteries for Industrial Forklifts , Total Warehouse

Our GNB Industrial / Stryten Energy Batteries are optimal energy solutions for the warehouses and forklift equipment. Total Warehouse features a range of smart, high-frequency forklift chargers. Explore these products and talk to one of our ...

## Stryten Energy SCR200 Charger , Battery Chargers

The Stryten Energy SCR200 charger uses precise electronic control to maximize battery life and minimize the battery recharge time required. (Previously GNB Industrial Power) SCR200 charger uses precise electronic control to maximize battery life and minimize the battery

recharge time required. Designed to provide flexibility, the SCR200

## GNB Batteries for Industrial Forklifts , Total Warehouse

Explore our optimal energy solutions with GNB Industrial Power for enabling uninterrupted power supply energy solutions to critical systems. GNB stands as a premier developer and manufacturer of battery and charging systems, serving diverse sectors such as material handling, robotics, railroad, solar, and construction within industrial and commercial markets.

## Marathon Battery , GNB Industrial Power

The Marathon FT series that was manufactured in the USA is also manufactured by Exide Europe. Designed for durability in telecommunications and electric utility applications the Marathon M FT series provides high performance and reliability in medium and long duration discharge applications. The location of the terminals on the front (vs. the top) of the battery ...

## [Stryten Energy EHY Battery Chargers](#)

The Stryten Energy EHY family of revolutionary battery chargers is based on an architecture of

high efficiency, and software-defined charge control for flooded-cell industrial batteries. The Stryten Energy (Previously GNB Industrial Power) EHY family of revolutionary battery chargers is based on an architecture of high efficiency, and

### **GNB Industrial Power XPT18-750B EX-F Battery Forklift Charger**

GNB Industrial Power Battery Charger. Model: XPS18-750B EX-F. Serial No: BM854900011. Spec-2915. No. Circuits: 1. Battery Type: LA. Cell: 18. AH: 750.

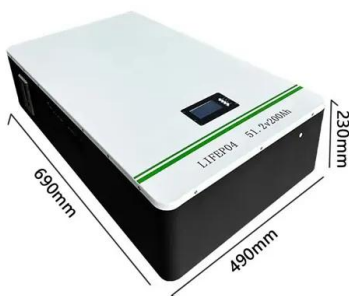

### **GNB Network Power Batteries for Critical Operations**

GNB Network Power is a global provider of stored electrical energy solutions--batteries and associated equipment and services for transportation and industrial markets. With years of industry experience and operating in ...
