With a budget of EUR153.7 million, the program is open to businesses, regardless of their size and sector of economic activity. It subsidizes the installation of battery storage ...

## Greece launches generous residential energy storage subsidy ...

The new policy can accommodate approximately 13,000 residential applications with an average storage of 8 kWh, offering subsidies of EUR 600-890/kWh for energy storage ...

## Storage systems in enterprises

You can receive a subsidy for the installation of storage systems in photovoltaic systems (where only the storage system is subsidised) or for the installation of a storage system (battery) in ...

## Greece Begins C& I Battery Energy Storage Subsidy Program

With a total budget of EUR153.7 million, the program is open to enterprises of all sizes and sectors, supporting the installation of battery storage systems for both planned and ...

## Greece awards 189 MW of battery storage in third auction

The auction was the third and final edition of a battery storage subsidy program launched in 2023, with the country now turning its focus towards a new 4.7 GW unsubsidized ...

## Greece awards 189 MW of battery storage in third ...

The auction was the third and final edition of a battery storage subsidy program launched in 2023, with the country now turning its focus ...

## PV Systems Subsidy Programs

The Ministry of Environment and Energy has launched the subsidized program "Storage Systems for Businesses," offering financial support to businesses of all sizes and sectors for installing ...

## Greek government supports businesses to install batteries with

The Greek Ministry of Environment and Energy launched the Energy Storage for Businesses program. Subsidies for installing batteries amount from 30% to 50% of the costs.

## Greece opens EUR-153.7m subsidy scheme for batteries

The Greek government has opened for applications a programme that will subsidise businesses to install energy storage systems, either as part of new solar projects or ...

**Efficient Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input 150Vdc/1000V
- 100% Peak Output Power
- 2 MPPT Trackers, 150% DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

**Intelligent Simple O&M**

- IP66 Protection Degree: support outdoor installation
- Smart 1 V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

**Flexible Abundant Configuration**

- Plug & Play, UPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6-Quadrant Inverter Available
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation

## Greek government supports businesses to install ...

The Greek Ministry of Environment and Energy launched the Energy Storage for Businesses program. Subsidies for installing batteries ...
