The new FER 2 decree adopted by the Italy's Ministry of the Environment and Energy Security, in agreement with the Ministry of Agriculture, Food Sovereignty and Forestry, on 12 August 2024 was published on the official website of the "Ministry of the Environment and Energy Security" and entered.

Italy has set aside 5.7 billion euros for Renewable Energy Communities (RECs)  
1. This shows its strong support for renewable energy. The goal is to make 40% of energy come from renewables by 2030  
2. The European Commission has given the green light for 4,590 MW of new renewable energy capacity  
3.

The European Commission has approved, under EU State aid rules, a €5.7 billion Italian scheme made available in part through the Recovery and Resilience Facility ('RRF') to support the production and self-consumption of renewable electricity. The scheme contributes to the EU's strategic objectives.

The Italian government has signed a decree to allocate EUR 320 million (USD 336.3m) in state funding to small and medium-sized enterprises (SMEs) willing to install self-consumption wind or solar power plants. Solar park in Italy.
