Government subsidy for solar power storage box in Hungary

Overview

The Hungarian Ministry of Energy has said that more than 20,000 households have applied for the Napenergia Plusz Program, a grant scheme for installing residential solar panels and storage systems. The government offers up to HUF 5 million per property, with the average request being.

The Hungarian Ministry of Energy has said that more than 20,000 households have applied for the Napenergia Plusz Program, a grant scheme for installing residential solar panels and storage systems. The government offers up to HUF 5 million per property, with the average request being.

The Hungarian government says 20,000 households have signed up for its PV subsidies scheme, which offers up to HUF 5 million (\$14,125) per home installation. The original HUF 75.8 billion budget was increased by HUF 30 billion in July. The Hungarian Ministry of Energy has said that more than 20,000.

Domestic support for energy storage may soon increase to more than HUF 300bn, with several large storage facilities likely to be inaugurated this year, Energy Minister Csaba Lantos said in an interview with business daily Világgazdaság. Lantos said through currently running applications, families.

Applications for the Solar Energy Plus Programme, which provides state subsidies for households installing solar panels and compulsory electricity storage facilities, were accepted from 10 a.m. Monday. The financial aid covers 65% of the costs to a maximum of Ft 5 million. The scheme's Ft 75.

The government is raising the original HUF 75.8 billion allocation for a subsidy scheme supporting the installation of home solar panels and battery storage with an additional HUF 30 bln, State Secretary for Energy Affairs and Climate Policy Attila Steiner said yesterday, according to hirado.hu.

The government originally allocated HUF 75.8bn for the subsidy project and raised the amount by HUF 30bn in July because of strong demand. Attila Steiner, state secretary for Energy Affairs and Climate Policy, said subsidies supporting solar panel and battery storage investments have so far been.

The Hungarian government is investing an additional HUF 30 billion (\$83.9 million) into its HUF 75.8 billion rebate program for residential solar and storage systems. The scheme, which launched in January, is now expected to support more than 25,000 households. Hungary 's Ministry of Energy has.
