

## European Solar Energy Storage

# Government subsidy for turnkey solar container in Vietnam

## Overview

---

Vietnam's Ministry of Industry and Trade has proposed a subsidy of \$1.65 billion to support 14 million households in installing rooftop solar systems. Household rooftop solar systems are key to meeting Vietnam's renewable energy goals.

Vietnam's Ministry of Industry and Trade has proposed a subsidy of \$1.65 billion to support 14 million households in installing rooftop solar systems. Household rooftop solar systems are key to meeting Vietnam's renewable energy goals.

On 22 October 2024, the Vietnamese government promulgated its long-awaited Decree No. 135/2024/ND-CP governing the mechanism and policy for incentivising the development of self-consumption rooftop solar power systems ("RTS") ("Decree 135"). Decree 135 provides the legal basis for developing such.

On 22 October 2024, the Vietnam Government issued Decree 135/2024/ND-CP to encourage the development of self-produced and self-consumed ("SPSC") rooftop solar power ("Decree 135"). Decree 135 came into effect on issuance. This Article highlights some of the key provisions of Decree 135.

After a long wait, the Government has officially issued Decree No. 135/2024/ND-CP dated 22 October 2024, providing mechanisms and policies to encourage the development of on-site self-consumption rooftop solar power ("Decree 135"). The Decree comes into effect on 22 October 2024 with the following.

To accelerate the development of the renewable energy industry, the Vietnamese government has introduced a new electricity decree, prioritizing the promotion of power generation projects using renewable energy sources such as solar and wind power, as well as energy storage systems. Additionally.

On April 6, 2020, the Prime Minister of Vietnam issued Decision No. 13/2020/QĐ-TTg on the mechanism for encouraging the development of solar

power in Vietnam (“Decision 13”). Decision 13, which will take effect on May 22, 2020, introduces a number of new incentives and mechanisms for investors in.

On 22 October 2024, the Government of Vietnam issued Decree No. 135/2024/ND-CP stipulating policies encouraging development of self-produced and self-consumed rooftop solar power (“ Decree 135 ”), which would immediately take effect from the date of issuance. Decree 135 ends nearly four years of.
