We keep mumbling about the high electricity bill even though we already know the billions worth of assets used for electrical power generation at few power plants all over the nation including use of charcoal and natural gas pipeline, solar panel from huge solar farm costs billions dollar because we implemented SAP full suite for one of the main supplier few years back.

Austral Solar

Austral Solar has the knowledge and experience to expertly design, manufacture, install, maintain and repair solar heating systems for swimming pools across Victoria. Austral has also designed and manufactured a unique large bore solar collector, which heats large volumes of water quicker than any other product on the market.
