SRNE HESP48120U200-H

My big shipments from China have taken around month or so 1.5 months and the 2 months was long projected. I bought big items from AliExpress around month delivery but quoted 2 months. Expect as they say but might be faster or even longer. I was considering a cancel but glad didn't. Just have to find time to run with it now.

51.2V 150AH, 7.68KWH

Power up review PowMR (SRNE) POW-LVM3K-24V-H

The MPP solar inverters seem to be exclusively Voltronic and many of those inverters are well-regarded. an SRNE-manufactured 10kW split-phase inverter and the only question I'm still debating is buying direct from SRNE in China versus buying the Y& H rebadge through Amazon. Buying direct from SRNE is preferable for customer support
