Overview

Does Port St Maarten use big data?

Port St. Maarten has been actively exploring big data usage by having discussions with Portbase Rotterdam and IT Partner about a national port community system that involves data-sharing.

What equipment does St Maarten ship & stevedoring NV use?

St. Maarten Shipping & Stevedoring NV (SSS) and St. Maarten Port Services now carry out our cargo handling operations. The equipment range available at the quay includes reach stackers, top lifters, yard mules, chassis, fork-lifts and much more. Island-wide transportation services are readily accessible using a large fleet of chassis and trucks.

Why did St Maarten become a landlord port?

In order to allow for greater commercial flexibility and to maintain a competitive edge, Port St. Maarten became a landlord port in 2001. St. Maarten Shipping & Stevedoring NV (SSS) and St. Maarten Port Services now carry out our cargo handling operations.

Does St Maarten have a ro-ro pier?

Alongside a 444 m² warehouse there is an inter-island pier serving the local region and there are two ro-ro berths at the southern and northern ends. St. Maarten serves as a transshipment hub for the islands of Anguilla, Montserrat, St. Barths, St. Kitts & Nevis, and Antigua and Barbuda.

Kingdom of the Netherlands-

Curaçao and Sint Maarten: 2024 ...

1. Curaçao's economy has pivoted towards a tourism-led growth model. Following the decline of the country's offshore financial and oil refining industries, tourism has become the main growth engine. While this served the economy well during the post-COVID recovery, structural shifts have started to emerge, including a low-skilled, informal recovery of ...
