Overview

What is the Falkland Islands Environment Strategy 2021 - 2040?

The Falkland Islands Government is proud to launch its flagship Environment Strategy 2021 - 2040, which recognises the central and universal role that the natural environment plays in the sustainable development of our health and wellbeing, our economy and our nation as a whole.

Why is the environment important in the Falkland Islands?

The environment is essential for human existence. We rely on our ecosystems to provide us with clean water, air, food and shelter. In the Falkland Islands, the foundations of our livelihoods are reliant on our environment - our key sectors would not exist without our natural resources.
