**Product Model**  
 HJ-ESS-215A(100KW/215KWh)  
 HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
 1600\*1280\*2200mm  
 1600\*1200\*2000mm

**Rated Battery Capacity**  
 215KWH/115KWH

**Battery Cooling Method**  
 Air Cooled/Liquid Cooled

### Illinois and nationwide solar hits record heights; demand surges

With an impressive addition of 2.5 gigawatts of solar capacity, nearly doubling its total, Illinois can now generate enough power from solar sources to supply approximately ...

### Illinois Ranks Fifth in Renewable Energy Generation with 8.6GW ...

The US Department of Energy (DOE) announced in October 2023 that Illinois had over 8.6GW of solar, wind, and storage capacity, making it the fifth-largest generator of ...

### Solar power in Illinois

Solar power in Illinois has been increasing, as the cost of photovoltaics has decreased. As of the end of 2020, Illinois had 465 megawatts (MW) of installed photovoltaic and concentrated solar ...

## How Much Of Illinois Energy Is Renewable

The state's energy landscape is shifting towards renewables, with clean energy sources such as wind and solar accounting for 11% of net electricity generation by 2021.

### Illinois Solar Energy Association

Illinois is a growing solar market that has benefited from a strong renewable portfolio standard that requires they generate 25% of their energy from renewable sources by 2025.

## Solar power soars in Illinois

In 2022, Illinois generated 44 times as much solar power as it did in 2013, enough to power 265,526 typical homes. Many of our neighbors, churches, community ...

## **Illinois recognized as 4th in country for solar energy capacity**

The Solar Energy Industry Association (SEIA) said that Illinois is ranked fourth for its solar energy capacity in the country. In 2024, about 2.5 gigawatts of capacity were ...

## IPA Clean Energy Dashboard

By presenting complex metrics through intuitive data visualizations, the Dashboard website allows interested parties to view key trends in renewable energy generation and geographical energy ...
