How to get duke energy solar rebate

Overview

Does Duke Energy offer solar rebates in North Carolina?

Duke Energy customers in North Carolina will soon have access to rebates worth up to \$9,000 for home solar and battery systems. In May 2024, Duke Energy is opening applications to the PowerPair pilot program that offers a one-time incentive for residential solar and battery installations.

Does Duke Energy offer a solar & battery incentive?

The incentive only applies to new solar AND battery systems. Solar-only and battery-only systems do not qualify. At this time, Duke Energy has not released any equipment eligibility requirements. There are two options in the program: PowerPair and PowerPair + EnergyWise Battery Control. The key differences are:.

How do I sign up for Duke Energy powerpair program notifications?

Visit the PowerPair program page to sign up for program notifications. Solar and battery allow homeowners to hedge against rising utility rates and power their homes when the grid goes down. With up to \$9,000 in rebates per system, Duke Energy PowerPair program reduces the cost burden of installing solar and battery systems in North Carolina.

Can I get a solar rebate in North Carolina?

Thank you for your interest. This program is only available in North Carolina. To view the NC Solar Rebates page, please select North Carolina as your state. © Duke Energy Corporation. All Rights Reserved. Considering installing solar panels at your home in North Carolina?
