How to use solar eclipse energy

Overview

Eat more food if you feel drawn to. Wear hematite or another grounding stone to help you get through the eclipse time. Connect with the earth by walking barefoot, gardening, or taking a walk. It's important to get in your body, even if you have to sit with uncomfortable feelings.

A salt bath is a good idea, as well as burning herbs. Cleanse your space and yourself. This isn't the best time to read a witchy book in the bath. Instead, meditate to cleanse your mind. Go.

Feel out the energy within you and the energy of your ritual space before you start your ritual. If you're feeling chaos, it will likely pass once the sun.

Use an energy-raising method that gets good results. I prefer dancing, moving clockwise in the circle, using music, and sharing energy with the.

When you perform your ritual, do what typically works. This isn't the time to recite some weird text or call in all of the spirits and deities. Use a ritual format you know and trust. This limits the randomness and potentially chaotic energy in your ritual. With that being said, if it.

Harnessing the energy of a solar eclipse means recognizing and using the unique cosmic potential this celestial event brings. This can be done through practices like ritual meditation and crystal charging to help manifest personal intentions and creative goals.

Harnessing the energy of a solar eclipse means recognizing and using the unique cosmic potential this celestial event brings. This can be done through practices like ritual meditation and crystal charging to help manifest personal intentions and creative goals.

This is why a lot of people advocate against working with eclipse energy. It may actually be good advice if you're a beginner witch, but it might not apply to someone who is more adept. Eat more food if you feel drawn to. Wear hematite or another grounding stone to help you get through the eclipse.
