How long does GLS take to deliver a parcel in Hungary?

GLS transports parcels securely and rapidly within Hungary. The standard delivery time of less than 24 hours applies throughout the whole of Hungary. Parcel shipping to neighbouring states of Hungary takes between 24 to 48 hours. Delivery to more distant European countries usually takes between 48 and 120 hours.

How much natural gas does Hungary use?

Hungary consumes 10 billion cubic meters of natural gas annually. Nearly 85% of this comes from Russia. After receiving a \$110 million subsidy from the EU, the Krk LNG Terminal (or FSRU) began operating in Hungary in January 2021.

Does Hungary have a natural gas pipeline?

Hungary has pipeline connections to six of its seven neighbors but has not succeeded in obtaining significant amounts of natural gas from sources other than Russia. Hungary uses 10 billion cubic meters of natural gas annually, nearly 85% of which comes from Russia.

Why did Hungary increase the role of LNG in its energy supply?

Hungary has decided to increase the role of LNG in its energy supply. This is due to the interconnectors that Hungary constructed, which have connected the natural gas networks of six out of seven of the country's neighbors to that of Hungary.

How much energy does Hungary use in the year 2030?

According to estimates, Hungary's energy consumption in the year 2030 is expected to be 60 terawatt-hours (TWh). Traders and universal service providers sell imported and domestically produced natural gas to domestic users. Six regional distributor corporations – owned by three market players – oversee the natural gas distribution systems.

Does GLS deliver to Croatian islands?

GLS offers reliable shipment services to companies and individuals. We would like to inform you that we arrange delivery to some Croatian islands with an intermediary company. In this case, delivery is carried out by the local post office, which has set a maximum weight limit of 10 kg per parcel.
