## Hybrid Greentech

Hybrid Greentech is dedicated to assisting organizations in becoming green pioneers by investing in electrical energy storage systems. This commitment is driven by the goal of achieving 100% renewable energy utilization. The company's expertise encompasses technical, operational, and commercial aspects of energy storage, leveraging deep domain

## Close to DKK 2.8 million will help to make cement production greener

In March 2020, the startup company CemGreen ApS, together with the other project partners, Hybrid Greentech ApS and DTU, received just under DKK 2.8 million of the Clean Tech Innovation (CTI) support program for their innovation project. In the innovation project, efforts must be made to develop a solution that has the potential to

## Energy Storage Experts , Hybrid Greentech , Denmark , Contact us

## Hybrid Greentech wins the Green Power Prize 2024

Hybrid Greentech wins this year's Green Power Award for its advanced, large-scale and intelligent energy storage solutions, which relieve the grid and store excess energy using AI-powered virtual power plants. A technology that strengthens electrification and has required

courage to develop. Hybrid Greentech wins the Green Power Award 2024 for their AI ...

## Residential Energy Storage Solutions , Greentech ...

The deployment of residential energy storage has evolved with the pace of nationwide renewable energy development. The homeowner's desire for energy independence has expanded beyond off-grid, remote system dwellers and ...

## Denmark: Better Energy to deploy first large-scale battery project

It will be managed via an energy management system (EMS) from Hybrid Greentech and will be optimised with existing solar panels and EV charging at a location south of the airport's terminals. The Danish Technological Institute also worked on the project, which is part of the EU-funded Alight programme aimed at showcasing sustainable airports

## Hybrid Greentech vinder Green Power Prisen 2024

Hybrid Greentech har valgt at donere de 30.000 kr. til ENGIE Energy Access i Kenya gennem Carbon Clear, der laver off-grid energiløsninger i

Kenya ved at distribuere solcellekit til landdistrikter og andre off-grid områder. ...

Danish wind power consultancy Peak Wind announced on Tuesday that it is acquiring a minority stake in domestic virtual power plant (VPP) technology provider Hybrid Greentech, so as to prepare for stronger ...

## Hybrid Greentech Named Winner of ABB's Startup Challenge 2023

Hybrid Greentech announced as winner in ABB's Startup Challenge 2023 in the category Distribution Solutions. We are honored to have been selected as the winners out of 130 applicants from 30 countries, as well as being

one of the 12 finalists. The award, a collaboration project with ABB, will enable the development of a proof of concept and the launch of a ...

**Home Energy Storage (Stackable system)**

High Efficiency

Easy installation

Safe and Reliable

Perfect Compatibility

**Product Introduction**

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimizer
- Integrated with inverter to avoid the compatibility problem
- LFP battery, safest and long cycle life
- Stackable design for easy installation
- Capable of High-Powered Emergency-Backup and Off-Grid Function
