Inventus power Comoros

Overview

What is Inventus power Cwb - 200Wh conformal wearable battery?

Exciting news! Inventus Power received a 2024 Technology Innovators Award for our CWB 3.6.2 InvincStable™ - 200Wh Conformal Wearable Battery! This game-changing battery provides soldiers with the safest, most ergonomic, centralized power solution to power all warfighter-worn, battery-operated equipment in any environment.

Who are Inventus power's EMEA team?

Members of Inventus Power's EMEA Team, Andreas P. and Santiago Antolin, are at this international event for parcel delivery, e-commerce logistics and postal industries! Connect with them at the show to learn how #WeMakeLithiumWork for robotics, intralogistics, and last mile-delivery applications! Now hiring!.

Is Inventus power en 50604-1 certified?

Inventus Power is excited to announce that we obtained EN 50604-1 product safety certification for the first time, which expands. Ernst & Young LLP (EY US) announced Patrick Trippel, President & CEO of Inventus Power, as an Entrepreneur Of The Year® 2023.

Who is Inventus power Entrepreneur of the year 2023?

Ernst & Young LLP (EY US) announced Patrick Trippel, President & CEO of Inventus Power, as an Entrepreneur Of The Year® 2023. Last year, we announced that Inventus Power received ECE R100_rev3 Certification on our PROTRXion 48 volt lithium-ion.

Our Company

Inventus Power is the global leader in advanced battery systems. We specialize in the design and manufacture of Li-ion battery packs, smart chargers and efficient power supplies across a broad range of portable, motive and stationary applications. Founded in 1960, we have six decades of experience designing integrated power systems for global OEMs.

BRAZIL SOLUTIONS

Turnkey Power Systems Matched to Brazil Market Mandates. Inventus Power operates a world-class manufacturing facility in Manaus, which is Brazil's most developed and liberal free trade zone (FTZ). The plant produces lithium-ion battery packs, power supplies, and embedded wireless modules.

Li-ion vs. Other Chemistries

The chemistry of choice at Inventus Power is Lithium-ion (Li-ion). Li-ion cells emerged in the battery industry in the early 1990s and remain highly popular today for their high energy density by volume and weight, high cycle life, relatively low self-discharge, and low maintenance. Cell phones, laptops, electric cars, and medical devices like
