

## European Solar Energy Storage

# Iraq large scale solar warsaw

## Overview

---

What is the 4th large scale solar Central & Eastern Europe Summit?

4th Large Scale Solar Central and Eastern Europe Summit, returning to Warsaw this November. This premier event is a key platform for fostering critical collaborations between developers, IPPs, utilities, investors, and technology providers involved in advancing solar initiatives across the entire region.

What happened at the large scale solar central and Eastern Europe Summit?

The Large Scale Solar Central and Eastern Europe Summit returned in 2023 as the region continues to grapple with decarbonisation targets and energy security requirements.

Why should you attend the 2024 large scale solar Central & Eastern Europe Summit?

With panel discussions, case study presentations, networking, and an interactive agenda, the 2024 Large Scale Solar Central & Eastern Europe is not to be missed if you want to do business in this exciting and progressive market. 4th Large Scale Solar Central and Eastern Europe Summit, returning to Warsaw this November.

Why should you attend large scale solar Central & Eastern Europe?

Attending Large Scale Solar Central & Eastern Europe will allow you to leverage a network built over the past 10 years in order to create critical partnerships for developing solar projects across the region. JinkoSolar is one of the most innovative and largest solar module manufacturers on the planet.

Which countries have surpassed 1GW of solar PV in 2022?

Nations such as Bulgaria, Romania, and Czechia - which previously collectively totalled 1GW installed capacity in 2022 - have now each surpassed 1GW of installed solar PV and are set to grow even further. Poland still leads the

region in installed capacity, with an expected forecast of 58GW by the EU's 2030 target deadline.

How many solar PV projects are there in Spain?

Independent power producer (IPP) Aquila Clean Energy has connected 210MW of solar PV across five projects in Spain. Masdar and the Albania Power Corporation (KESH) have announced plans to build a “gigawatt-scale” renewable power portfolio in Albania.
