Dukosi Company Profile 2024: Valuation, Funding & Investors

Dukosi General Information Description. Provider of high-performance battery systems designed for electric and hybrid cars. The company's cell-based solutions have longer lifespans, less wiring, and higher second-life value and also provide real-time data on individual cell performance, enabling customers to get clean, reliable, renewable electricity powers for their vehicles, ...

Cell Manufacturing

Maximize supply chain trust and security. By using Dukosi Cell Monitoring Solution (DKCMS(TM)) during cell manufacture, the data stored within the Cell Monitor IC ensures both are 'tied together', i.e. recording each cell serial number in its secure data store, which provides a layer of trust as the stored information must reflect the cell it's attached to.

12.8V6Ah

Nominal voltage (V):12.8
 Nominal capacity (Ah):6
 Rated energy (Wh):76.8
 Maximum charging voltage (V):14.6
 Maximum charging current (A):6
 Floating charge voltage (V):13.6-13.8
 Maximum continuous discharge current (A):10
 Maximum peak discharge current @10 seconds (A):20
 Maximum load power (W):100
 Discharge cut-off voltage (V):10.8
 Charging temperature (°C):0-+50
 Discharge temperature (°C): -20-+60
 Working humidity: <95% R.H (non condensing)
 Number of cycles (25 °C, 0.5c, 100%DoD): >2000
 Cell combination mode: 32700-4s1p
 Terminal specification: T2 (6.3mm)
 Protection grade: IP65
 Overall dimension (mm):90*70*107mm
 Reference weight (kg):0.7
 Certification: un38.3/msds

Dukosi Limited

Dukosi Limited is an active company incorporated on 27 November 2003 with the registered office located in Edinburgh, City of Edinburgh. Dukosi Limited has been running for

20 years. There ...

Dukosi and Suzhou Hengmei Establish Joint Development Laboratory

Dukosi Ltd, the technology company revolutionizing the performance, safety and sustainability of battery systems, and Suzhou Hengmei Electron Technology Inc. ("Hengmei") today announced the Joint Development Laboratory at Hengmei's facility in Suzhou, China. The lab will accelerate the development and adoption of chip-on-cell-based

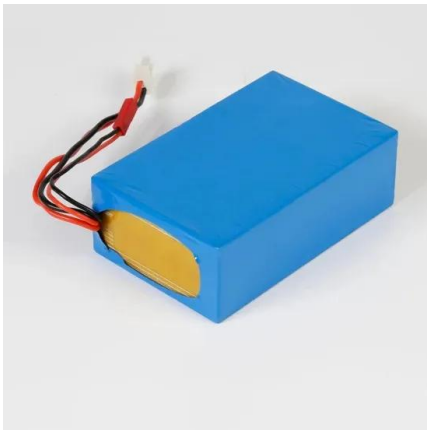

Tech Brief

Dukosi's API included for seamless configuration and reporting Dukosi Ltd develops revolutionary technologies that dramatically improve the performance, safety, and efficiency of battery systems, and enable a more sustainable battery value chain. The company provides a unique cell monitoring solution based on chip-on-cell technology

PRESS RELEASE

EDINBURGH, United Kingdom, 10 October, 2023
-- Dukosi Ltd, the technology company revolutionizing the performance, safety and sustainability of battery systems, announced

their unique chip-on-cell battery monitoring platform is enabling a circular economy by
