Lithium ion Battery for Solar

Storage

The BLF51-5 LV battery system is ideal for new installation of household energy storage. With high energy density and wall-mounted solution, BLF51-5 LV battery system is space-saving for indoor and outdoor installation.

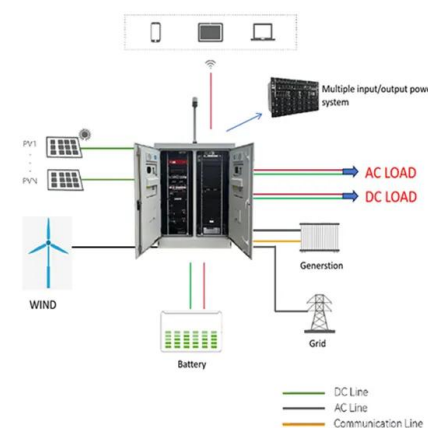

Go Green: Isle of Man, promoting green living through renewable

A Battery System can make full use of the power generated by your solar panels, ensuring that any unused power is stored on site to be used later when needed. If your electricity is supplied with two rates (a day rate and cheaper night rate), the solar + battery combination ensures that peak rate electricity usage is kept to a minimum.

Isle of Man

Brand new high quality 410 watt solar panels and top-end Hybrid 48volt 5kw inverters that will work with or without a storage battery on or off grid to reduce your ever increasing electricity bills
