

## European Solar Energy Storage

# Ivory Coast solar protection box

## Overview

---

Why is Ivory Coast launching a solar power plant?

Ivory Coast's first solar power plant represents a significant step towards a greener and more resilient energy future. By reconciling economic development and environmental protection, the country is showing the way to a successful energy transition.

How many solar plants will Ivory Coast have?

The Ivory Coast's Ministry of Mines, Oil, and Energy has unveiled plans to build 12 solar plants with a total capacity of 678 MW. Mamadou Sangafowa Coulibaly, the Ivory Coast's Minister of Mines, Oil and Energy, has announced plans to install 678 MW of solar capacity by 2030 and 1,686 MW by 2040.

Where is a solar power plant located in Côte d'Ivoire?

Located in the north of Côte d'Ivoire, the Boundiali solar power plant enjoys a warm and dry climate, ideal for solar energy. Franck Alain Yayo, plant operations engineer, points out that the irradiance in this region is very high, which optimizes electricity production.

How many solar panels does Côte d'Ivoire have?

Inaugurated in June 2023, the plant consists of 68,000 solar panels on 36 hectares, with the aim of doubling this figure by the end of 2024 to reach a capacity of 80 MWp. The project, with a total cost of 75.6 million euros, is financed by Côte d'Ivoire, a German loan and a grant from the European Union.

## Ivory Coast to host 52 MW solar plant

Coulibaly said the Ivory Coast's installed solar capacity currently stands at 2,907 MW. The country is now working toward deployment targets of 3,500 MW in 2025, 5,200 MW by 2030 and 8,600 by

## A milestone for solar power in Côte d'Ivoire: Inauguration of the ...

Ivory Coast unveiled its inaugural solar power facility aligning with its ambition to derive 45 percent of its energy from renewable sources by 2030. Situated in Boundiali, a town ...

## IVORY COAST: GBE to finance productive solar energy projects

To this end, a new call for expressions of interest is being launched in Ivory Coast. It is aimed at all companies operating in the solar energy sector with experience in technologies for productive use, as well as companies marketing solar refrigerators or freezers and those providing

water pumps to combat irrigation in arid areas.

## Ivory Coast set to commission first solar plant

Compagnie Ivoirienne d'Electricité (CIE), a utility in the Ivory Coast, is set to inaugurate its first solar plant - a EUR40 million (\$42.6 million), 37.5 MW installation, backed by a 10 MW
