

European Solar Energy Storage

Kerr smart energy Mongolia

Overview

What is Kerr technology?

Kerr offers technology that enhances home comfort, saves energy and protects the environment. In business since 1949, Kerr's business has grown over the years from a humble beginning with the founder (and current chairman David Kerr Wilson) selling and servicing out of a milk truck.

What makes Kerr a good company?

Better People, Better Service. Providing value and caring service to every customer, every day. Kerr is a leading wholesale distributor of heating, ventilation, air conditioning and refrigeration (HVACR) materials for residential and commercial markets. Kerr offers technology that enhances home comfort, saves energy and protects the environment.

What products does Kerr offer?

Kerr offers a wide range of home comfort solutions including complete central heating systems (boilers and furnaces) and all parts, geothermal systems, solar systems, refrigeration, air quality, etc. We also offer training, advice and expertise on the products we carry.
