

European Solar Energy Storage

Kewei energy storage technology co ltd

Overview

Who is Kewei new energy?

Kewei New Energy, a company born for green energy, focuses on new energy technology, not only involved in the research and development, production and sales of power lithium iron phosphate battery, LiFePO4 battery pack with smart battery management system, but also it's an overall solution supplier for solar storage energy system.

How do I contact Kewei new energy?

If you are interested in our products, please feel free to contact us: support@keweinewenergy.com. DOBELAY is our online retail brand. As a high-end battery brand under Kewei, continues the concept of Kewei to keep innovating, and provides customers with portable and high-quality products. You can purchase with confidence in our store.

What are the applications of Kewei products?

The main applications of Kewei products are in electric vehicles for regional green travel (two-wheelers, three-wheelers, low-speed four-wheelers, regional logistics vehicles, special vehicles, special engineering vehicles), passenger cars, emergency power supply, forklifts, unmanned aerial vehicles and other energy storage system.
