What makes Koil Energy a great team?

What's most exciting for the Koil Energy team is our valiant commitment to what we love to do. With a passion to build something bigger than ourselves, a desire to perform against the odds, and a drive to accomplish more than we should be able to, given limited resources, we have the best team in the industry.

Where will Koil manifolds be manufactured?

The project will be carried out at KOIL's facility in Houston, Texas, with final delivery estimated for the second half of 2025. The manifolds will be shipped to the West African site once production is complete. About KOIL
