

European Solar Energy Storage

Kosovo freemaq pcsk

Overview

What is freemaq multi PCSK?

The Power Electronics Freemaq Multi PCSK is a modular solution from 1600kW to 3800kW with configurable DC and AC voltages making it compatible with all battery technology and manufacturers. The Freemaq Multi PCSK can support two or three independent battery systems. Power Electronics is a proven partner in the solar and energy storage market.

How many battery systems can the freemaq multi PCSK support?

The Freemaq Multi PCSK can support two or three independent battery systems. Power Electronics is a proven partner in the solar and energy storage market. The Power Electronics Freemaq Multi PCSK offers proven hardware to meet storage and grid support challenges.

Why should you buy a freemaq PCSK?

POWER ELECTRONICS COMPACT DESIGN - EASY TO SERVICE By providing full front access the Freemaq PCSK series With the Freemaq PCSK, Power Electronics offers its most simplifies the maintenance tasks, reducing the MTTR (and compact solution, achieving 3.8MW in just 12ft long, reducing achieving a lower OPEX).
