Laos

3 ???· Laos - Rice, Livestock, Forestry: Agriculture is the mainstay of the economy of Laos. In the early 21st century the sector generated nearly half the country's gross domestic product (GDP) and employed some three-fourths of the population. The expansion of land under cultivation has been impeded, however, largely by the vast quantities of unexploded ...

over H& S Powersolutions, een Limburgs bedrijf dat onder meer zonnepanelen installeert. Tientallen mensen voelen zich gedupeerd door het bedrijf, waaronder ook Ilona (40) uit Houthalen en Ludo De Mol (54) uit Heverlee. Aan HLN-consumentenexperte Safia Yachou vertellen zij ...

Laos Power & Renewables Report

The outlook for Laos' power sector remains strong, boosted by a well-diversified project pipeline which includes coal, hydro and renewables. The sector will receive a significant boost with the planned coming online of the 1,800MW Phonsack coal-fired power plant in 2025, which is intended to provide baseload capacity. However, the main driving force in the country's power ...
