

European Solar Energy Storage

Lesso solar Cyprus

Overview

Who is Lesso solar?

LESSO Solar is a comprehensive new energy group specializing in research, production, sales, and service. Our business includes centralized ground-mounted, industrial, commercial, and residential solar solutions.

What is Lesso & how does it work?

From 405W-720W, LESSO covers the need of residential, industrial, commercial and utility-scale projects, provides more green energy to customers with full-automatic production lines and advanced technologies. Besides solar modules, energy storage is also an essential part of the PV system.

Who is Lesso?

LESSO is your trusted partner in building a cost-effective, reliable, durable, intelligent, and highly efficient PV storage and charging integrated system. Offering residential off-grid and grid-tie solutions, cutting-edge technology, advanced intelligent manufacturing, and commercial energy storage solutions.

Why did Leiria visit Lesso solar Wusha?

Recently, a business delegation from Leiria visited the LESSO Solar Wusha factory for a one-day exchange program, aimed at strengthening communication and fostering collaboration in the new energy sector. The visit also sought to explore future trends in the photovoltaic.

What is Lesso Singapore?

LESSO Singapore: This branch is a key hub in the Asia-Pacific region, focusing on market expansion, technical support and regional partnerships. With five production bases totaling 450,000 \square , we have a 15.3GW module and 6GW solar cell capacity.

Where is Lesso located?

LESSO America: Our U.S. branch, based in Corona with four warehouses nationwide, has 15 years of experience in building materials, photovoltaic products, and power plant projects. LESSO Indonesia: Located in Semarang, this branch covers 130 acres and has a 2.4GW production capacity, making it the largest photovoltaic enterprise in Indonesia.
