

## European Solar Energy Storage

# Macao solar

## Overview

---

Can Macao increase solar energy?

The Macao government also sees an opportunity to increase solar energy. To encourage the installation of PV systems, officials passed a set of safety and installation regulations in 2015.

Does Macao have a photovoltaic energy contract?

The regulations require investors to enter into a 20-year contract for the purchase of photovoltaic energy with Macao's sole energy service provider, Companhia de Electricidade de Macau (CEM). Essentially CEM will purchase the electricity produced to ensure investors profit within a reasonable period.

Is Macao a good place to invest in solar energy?

Song and colleagues have no doubts: "Macao has some of the richest solar resources in the world" (with average annual sunlight time exceeding 1000 h, providing about 5000 MJ/m<sup>2</sup>). "Clearly, Macao has a tremendous potential for developing solar energy, especially a grid-connected photovoltaic system.

How many photovoltaic interconnections have been completed in Macao?

In response to a written inquiry from Macao News, the Environmental Bureau said that only five photovoltaic interconnections were completed by the end of March 2021. Meanwhile, the bureau received about 25 inquiries from local schools, industrial and commercial buildings and public utilities.

Is natural gas a problem in Macao?

As a member of the Smart Energy Group of UM's State Key Laboratory, which focuses on optimising clean energy use and production, Zhang believes expanding the use of natural gas poses major problems, especially in the city's older districts. "Many buildings and [much of the] infrastructure in Macao are outdated.

Does Macao have a climate problem?

As a commercial hub, Macao faces the same challenge. Energy consumption from electricity, transport and buildings accounts for nearly 90 per cent of Macao's carbon emissions directly caused by fossil fuels. With climate change posing grave threats to the future of society, city leaders say they have made reducing emissions a priority.

## Macao solar

### Top Solar Equipment Distributors in Macao

In Macao, a company known as Melco, has collaborated with local SMEs in the development of the largest solar power plant in Macao. The project installed more than 18,000 solar PV panels spanning a total of nearly 30,000 square meters of rooftop space.

## Angola secures massive international loan to expand solar

The EUR 1.29 billion loan follows a smaller, US\$900 million loan to build a 500MW solar farm. Africa is currently experiencing a solar boom, with nearly 1GW of new solar installed in 2022, a 14 percent increase on the previous year. Angola is leading the way, adding more solar than the next three countries (South Africa, Egypt and Ghana) combined.

## Mozambique plans new solar energy plant

A new US\$110.6 million solar project is planned for Mozambique, bringing the country one step closer to its goal of universal electrification by 2030.. According to documents shared with Portuguese news agency Lusa, the renewable energy project will also "allow the creation, directly and indirectly, of more jobs, contributing to the economic growth" of Moamba, a district in ...

## Top RV Mount Suppliers in Macao

In Macao, a company known as Melco, has collaborated with local SMEs in the development of the largest solar power plant in Macao. The project installed more than 18,000 solar PV panels spanning a total of nearly 30,000 square meters of rooftop space. This project is capable of producing up to 7.7 million kWh of energy on an annual basis (or

## Did you see yesterday's solar halo over Macao?

A solar halo was spotted in the sky by residents across Macao yesterday, according to multiple news sources. Photos posted by the University of
