## Charity

It all started in 2019; the Directors of RESSCOTT LTD in November of that year visited a family in a rural area of southern Trinidad for a site visit. The family of 6 children (ranging from ages 2-14), having been a few miles away from the nearest utility connection, were using a diesel generator during part of the day and for a couple hours

## Why Solar

. Why Solar Enough sunlight reaches the earth in one hour to power the world for an entire year. Unlike the substantial resources and capital needed to extract and burn fossil fuels, anyone can purchase and install solar panels to take advantage of this abundance of sunlight. Best of all, solar generates significant long-term savings
