

European Solar Energy Storage

Mali cobblestone energy

Overview

Who is cobblestone energy?

It is fair to say that Cobblestone was born in London and raised around the world! After years of experience in commodity trading and wider financial markets, our Founder & CEO, registered Cobblestone Energy in the UK.

How does cobblestone work?

Cobblestone has leveraged its extensive quantitative and analytical approaches gathered from long dating power experience to build and run a physical gas portfolio consisting of storage and pipelines. Moreover, by forecasting supply and demand, we trade in major wholesale European gas markets to offset grid imbalances.

Where does cobblestone trade gas?

We trade wholesale gas on all major European hubs, optimizing physical gas flows via our storage and transportation portfolio. Cobblestone has leveraged its extensive quantitative and analytical approaches gathered from long dating power experience to build and run a physical gas portfolio consisting of storage and pipelines.

How did cobblestone expand its target markets?

With our specialized trading teams, we expanded our target markets to other European countries. We also formally established our Cobblestone Foundation in Uganda, in an effort to nurture the global communities from which Cobblestone's people come.

Is Cobblestone a responsible company?

At Cobblestone, we are committed to being a responsible company while conducting all our business activities. We maintain a compliance culture of upholding ethical standards and regulatory obligations with the highest level of integrity.

What is cobblestone foundation?

We also formally established our Cobblestone Foundation in Uganda, in an effort to nurture the global communities from which Cobblestone's people come. We piloted a unique graduate hiring programme and welcomed many different nationalities every month, ending the year with 40 full-time employees.
