When did probe become an AC Delco distributor?

1994 was also the year Probe was appointed an AC Delco distributor, another milestone in its quest to provide premium energy storage products with excellent service to Southern Africa. As an authorised dealer for yet another leading brand, Probe continued to thrive. Probe's Witbank branch, now Witbank, opened for business in 1996.

Does probe have a mining division?

It is with these inclusions that Probe could service customers in Gerberha, Kariega and Bloemfontein. In 2019, Probe's mining division had grown to the point of requiring its own division and formally separated from other divisions to concentrate Probe's efforts to service the mining industry.

Is probe EEA compliant?

Probe's BEE status meets the requirement of the South African BEE laws and we are EEA (Employment Equity) compliant. We are proud to be associated with Thesele Holdings, a reputable Private Equity Company () that holds a 49.95% share in Probe Group Holdings. Probe remains committed to transformation in South Africa.

Is probe a bee compliant company?

With Frank and Rick Rovelli at the helm, the family business has grown at 70% per annum for 20 years. Probe is a 49.90% BEE compliant company.
