Marstek S2000F Solar Generator Power Station 2400W 2042Wh

MARSTEK SATURN Series Solar Generator adopts bi-directional AC/DC inverter technology can fully charge to 80% in 1 hour. With a MPPT solar charging management technology, it supports solar panel charging by 500W*2, it makes the powerstation much convenient for outdoor recharging. Intelligent Battery Management System can monitor regulating current, voltage, ...

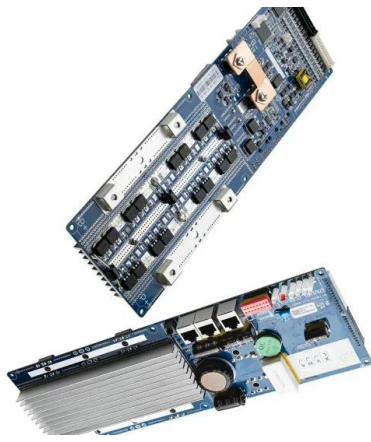

Solar Panel

M5000 Noiseless Solar Generator This new photovoltaic energy storage system integrated with LiFePO4 and BMS, is widely used in residential energy storage, backup power supply for emergency and outdoor work, etc.
