Bryte Batteries installerer Norges første flytbatteri

Ingen fare for brann - Under studiet så jeg at det var noen ulemper med flytbatterienes design. I romjulen 2018 begynte jeg å utforske en ide jeg hadde, og med hjelp av brusflasker og sugerør lagde jeg en prototype som viste seg å fungere bra, sier Stead, som etablerte Bryte Batteries i mars 2020 sammen med makkeren Besart Olluri.

Bryte AS is working for a future where everyone, both in and outside of Norway, has access to clean, affordable, and renewable energy. Large-scale batteries can be used to overcome challenges with weather conditions, as well as outdated and undersized power grids, but current batteries are expensive and resource-intensive.
