Technical Service Center - Megatech Renewable Energy

A key component of Megatech's business is electrification. Renewable Energy is complimentary to this when looking at the larger Southern African landscape as well as the local landscape in Namibia. A large portion of Namibia does not have access to the electrical grid, creating need for decentralized systems (including storage).

Cube 800 Launch - Windhoek - Megatech Renewable Energy

Cube 800 Launch - Windhoek. January 18, 2023. The Pupkewitz MegaTech residential solar model is geared to provide a complete solar solution for the Namibian residential market. After two years in development, this new, all-inclusive value proposition is almost identical to their current retail solutions, yet is unique in several aspects.
