VAT rates updates in Montenegro from January 2025

Montenegro's Tax Administration has announced updates to the VAT system, introducing a reduced 15% VAT rate effective January 1, 2025, by amendments to the VAT Law. This rate applies to specific goods and services, including books, accommodation, certain food services, cultural events, and solar panels, among others. Read more

Solar systems and solar energy

Over the period of one year Montenegro often has over 240 sunny days, thus the use of solar systems is the most ideal, most efficient and cleanest way to obtain energy. The intensity of solar radiation is among the highest in Europe, which ...
