Group has consistently grown

[Official Blog , RECOM](#)

Read blog postings with insights into the world of power conversion from the RECOM team. Subjects vary from 'quick guides to the essentials' of different topics, to a message direct from RECOM owner Karsten Bier with his thoughts about the COVID pandemic and how RECOM is playing its part to help manufacturers of medical equipment.

[Technical Support Request , RECOM](#)

If you have any questions about our products, require help in choosing the right AC/DC power supply or DC/DC converter for your application or simply just want to talk to someone ...

Slim DIN Rail Mounted Power Supplies , RECOM

The simplicity and versatility of the DIN rail system, where components can easily click into place or be unclipped for maintenance upgrades or replacement led to a whole range of different electrical components being manufactured for DIN rail mounting, such as circuit breakers, relays, contactors, terminal blocks, data network components (KNX, DALI, ...

[Power Solutions , RECOM](#)

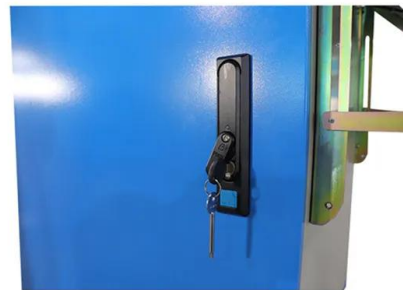

In 2019, RECOM acquired Italian power specialist "Power Control Systems Srl" (PCS). PCS was

founded in 1980. It is located in a modern 4.500m² R& D and production facility in San Vendemiano, northern Italy. Focusing on quality and highly reliable products, PCS is an expert in the field of high-power supplies.

REC3-R Series

A non-isolated or switching regulator converter can efficiently reduce or boost a DC input voltage to a lower or higher output voltage. A switching regulator has the following advantages over an isolated DC/DC converter: 1. As a transformer is not used and the input and output share a common ground, the efficiencies can be very high (>97%).

Medical Power Supplies , RECOM

We specifically designed our cost-effective DC/DC and AC/DC power supplies to meet them without compromise. All our medical grade converters are fully tested drop-in products. Due to the high-risk nature of medical applications, the corresponding electronic equipment must be held to very high standards of safety and reliability.

Authorised Distributors , RECOM

RECOM is represented by major full-service and specialist global distributors. Stock and samples of most products are readily available on request, along with application and technical

product ...
