

European Solar Energy Storage

Mozambique energy storage water tank manufacturer

Overview

What is a plastic tank used for in Mozambique?

PLASTEX Tanks are used throughout Mozambique for storing water, fertilisers, grains and fuel. WHY CHOOSE PLASTEX ?

Products are high quality, cost competitive, with prompt delivery. 4 plants throughout the country ensure availability of supply and on time delivery. A well-recognized and trusted national brand.

What if I need a tank installation in Mozambique?

Please contact us for drawing and specifications should you require tank installation in Mozambique with a capacity of more than 400 000 litres. For installation of tanks with a capacity of more than 400 000 litres – please contact Rainbow Reservoirs – the preferred Mozambique Reservoir Suppliers.

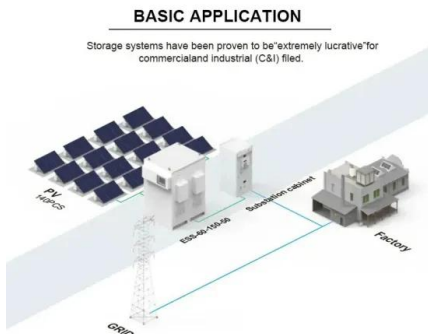

Can foreign investment improve the water situation in rural Mozambique?

Improvement of the current water situation in rural Mozambique, is very much dependent upon foreign investment – a situation that isn't seen to improve much in the near future. The harvesting of rainwater entails the collection and storage of rainwater in suitable containers, etc. water storage tanks or reservoirs.

Does Mozambique need water reform?

Mozambique is one of the African countries who have shown progress in the supply and management of water resources. However, people in the rural areas do not really benefit from the water reform strategies put in place by their government.
