

European Solar Energy Storage

Mulinsen lighting new energy storage

All In One

Integrating battery packs

Intelligent Integration

integrated photovoltaic storage cabinet

High-capacity

50-500kWh

Rated AC Power

50-100kW

Degree of Protection

IP54

Altitude

3000m(>3000m derating)

Operating Temperature Range

-20~60°C(Derating above 50 °C)

Mulinsen lighting new energy storage

Mulinsen intends to establish a joint venture overseas to deploy

This is the first time that a quantitative energy storage development goal has been clearly proposed at the national level, that is, by 2025, Realize the transition from the initial stage of commercialization to large-scale development of new energy storage.

Plan To Invest 188 Million To Set Up A Holding Subsidiary, And Mulinsen

As the development trend of clean energy in the whole society becomes clearer, the energy storage industry will usher in a broad space for development. In line with "carbon neutrality", Mulinsen actively deploys photovoltaics and energy storage

Zhongshan Mulinsen Electronics Co., Ltd.-Water Storage Cooling Energy

In the water storage cooling energy-saving renovation project, HON MING cooling towers are used to provide high effi. cooling support for the water storage cooling system and air conditioning system, achieving the energy-saving goal of storing cooling at night and refrigerant during the day.

Mulinsen's Photovoltaic Energy Storage: Powering the Future

...

Ever wondered how solar panels work after sunset? Enter Mulinsen's game-changing photovoltaic energy storage solutions - the secret sauce keeping lights on when the sun clocks out.

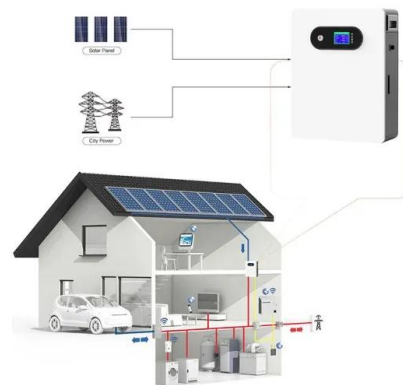

How about Mulinsen solar street lights , NenPower

Mulinsen solar street lights are equipped with advanced lithium batteries that store solar energy, allowing them to function effectively even during overcast periods.
