My sol solar price Singapore

Overview

The cost of a solar panel installation in Singapore ranges from S\$15,000 to S\$38,000 or more. How much does solar installation cost in Singapore?

The cost of installation will vary based on several factors. The most important being the number of solar panels being installed. The cost of a solar installation in Singapore ranges from S\$15,000 to S\$36,000 or more. That said, a good estimate will be S\$20,000 as most residential solar panel systems are around 10 kWp (S\$2,000/kWp).

How much does solar panel maintenance cost in Singapore?

The typical solar panel maintenance cost usually ranges from \$300 to \$500 per visit in Singapore. Your solar system installers will both clean your solar panels and conduct tests on your inverters and breakers. Similar to air-conditioners, we encourage solar homeowners to schedule an annual maintenance visit for your solar system.

Where can I buy solar panels in Singapore?
