Who is Solar Partners New Zealand?

We've got the power for you! Solar Partners New Zealand, the country's premier solar system wholesaler, trainer and business support hub. If you resell or install solar, we're here to support you with quality products, training and valuable partnerships.

Where can I get solar training in New Zealand?

New Zealand's only live in-house solar training centre where installers electricians, builders and resellers nationwide can gain first-hand experience installing solar. We at Solar Partners provide a range of training modules led by industry leaders across all our products.

Will New Zealand's solar farms feed into the power grid?

These first solar farms, and the ones across New Zealand that follow, will feed into the power grid and then into thousands of homes and businesses across Aotearoa. We're taking New Zealand's solar production to a new scale, reliably and efficiently feeding electricity into local networks and the national grid.

Can solar power New Zealand's zero carbon future?

Harnessing the sun's energy to power New Zealand's zero carbon future. Our first five solar farms will generate enough energy to power 50,000 homes, or a city the size of Hamilton. And we're not stopping there. The largest solar project Aotearoa's ever seen, delivered by Lodestone Energy.

Is solarworx a good company?

There was no pushy sales tactics or bagging other companies. They were very professional, confident in their product and service and this shone through. We would recommend SolarWorx and the team if you are installing solar but we would also recommend solar power generally.
