

European Solar Energy Storage

Nextgen solar energy solutions Poland

Overview

What is NextGen Solar?

NextGen Solar is a U.S.-based, renewable energy company focused on building and operating utility-scale, PV Solar power plants in sub-Saharan Africa. They integrate a hybrid model of modern PV generation with existing legacy diesel plants. NextGen Solar has operations in Tanzania, Kenya, and Uganda.

Who is NextEnergy Solar Fund?

NextEnergy Solar Fund (“NESF”) is a solar infrastructure investment company focused on the UK and other OECD countries, that is listed on the premium segment of the London Stock Exchange. It currently owns 893MW spread among 99 individual assets in the UK and Italy, comprising a gross asset value of £1,058m.

When will NPIII ESG complete its acquisition in Poland?

This marks NPIII ESG’s first acquisition in Poland. Completion is expected to occur in Q4 2021 once all assets are constructed and energised.
