# Northstar energsys Romania

## Overview

---

Does EnerSys own Northstar?

EnerSys (NYSE: ENS), the global leader in stored energy solutions for industrial applications, today announced that it has entered into an agreement to acquire all issued and outstanding shares of N Holding AB, the parent company of NorthStar, from Altor Fund II.

Who is Northstar battery?

NorthStar is a world leader in battery technology and energy storage solutions. The company was established in 2000 by a group of experts in the battery industry, who together hold more than 100 years of experience. NorthStar serves blue-chip customers in the segments of Reserve Power and Transportation.

How do I contact EnerSys about the Northstar acquisition?

For more information about the NorthStar acquisition, please contact Steve Heir, Vice President Business Development, EnerSys, P.O. Box 14145, Reading, PA 19612-4145, USA, by telephone at 610-208-1691 or by emailing [investorrelations@enersys.com](mailto:investorrelations@enersys.com).

Who is EnerSys?

EnerSys is the global leader in stored energy solutions for industrial applications. We manufacture and distribute reserve power and motive power batteries, battery chargers, power equipment, battery accessories and outdoor equipment enclosure solutions to customers worldwide.

How many employees does Northstar have?

NorthStar employs over 600 people worldwide, with headquarters in Sweden and major operations in the USA. NorthStar has been owned by Altor Fund II since 2007. Additional information regarding NorthStar can be found at .

Does EnerSys import batteries from Europe?

“Finally, NorthStar has blue chip customers in Europe and EnerSys currently imports significant amounts of batteries from Europe into the US market. This transaction will allow a rebalancing of factory loading and a dramatic reduction in inventory, freight, duty and currency risks.
